ALBUQUERQUE PUBLIC SCHOOLS

Students K-8—62,311

Teachers serving K-8—4,564

Schools serving K-8—119

District Budget—\$686,600,000

VISION

The Albuquerque Public Schools in partnership with the Albuquerque Arts Community is committed to providing a visual and performing arts integrated curriculum to every single K-8 student as a bridge between the cultural identity of years past and the creative innovations of our (New Mexico's) future. Through a collective approach to identifying and building on the assets, resources, and expertise of the community, we will give every student access to the tools of self expression that allow them to conjure their whole selves in the classroom.
