MISSION & VISION

MISSION — Our mission is to provide world-class arts education in the Trenton Public Schools. Joyful engagement in high quality, diverse arts experiences results in students who are curious, empathetic, and resilient. It is the RIGHT of every child to have continuous learning through the arts. It is the RESPONSIBILITY of the entire Trenton community to provide it.

VISION — Through arts education, we will empower all Trenton students to be creative, critical thinkers, and problem solvers, as well as motivated and confident individuals.
